

Donated memberships give access to individuals or families who might not otherwise be in a position to visit the Garden. Recipients of donated memberships receive the same unlimited general admission—and opportunities to discover, learn, and connect that come along with it—as those who purchase memberships for themselves. A donation of membership—at any level—is 100% tax-deductible and will help make the Houston Botanic Garden an amazing place where everyone can participate.

We believe everyone should be able to enjoy all that the Houston Botanic Garden has to offer. When you donate a membership, an individual or family will be able to visit the Garden and enjoy all the benefits of membership for a full year!
